Island Timberlands

The map displays a complex landscape with various land management zones. A thick black line outlines the Community Forest Boundary. A yellow outline indicates the CFInventorySept212009 area. A large light blue area in the upper right is designated as Parks. The map is overlaid with numerous colored polygons representing different netdown categories: Deer (orange), Lake (blue), Low Productivity (pink), Marbled Murrelet (light green), OGMA (medium green), Riparian Mgt Zone (teal), Recreation area (yellow-green), Terrain Class 5 (dark red), Wildlife Tree Patch (dark green), Wetland (light blue-green), and Ministry research plot (brown). A blue line represents water features. A black rectangle in the bottom left corner contains the text 'Island Timberlands'. A black rectangle on the right side of the map highlights a specific area of interest.
