

# SUNSHINE COAST COMMUNITY FOREST DIRECTORS

The Sunshine Coast Community Forest (SCCF) is operated by Sechelt Community Projects Inc., a British Columbia company that is governed by an independent professional board of volunteer Directors. The Board of Directors is charged with achieving our Mission Statement - *"Creating a legacy for our citizens by being exceptional stewards of our forest while balancing environmental, economic and social aspirations of the community."*

The SCCF is currently seeking qualified candidates to serve on the Board of Directors. Directors serve for two year terms and are typically appointed at our Annual General Meetings held in the Spring. As our sole shareholder, the District of Sechelt is responsible for the appointment of Directors, having received recommendations from the SCCF.

A key objective in selecting directors is to have a Board with a wide range of experience and expertise from people living across the Sunshine Coast. In particular, financial, environmental, forestry, management and recreation skills and experience are qualities that are considered.

Directors who are appointed are required to attend monthly meetings and are expected to serve on committees including Audit, Governance and Nominations.

Further information about the Community Forest is available on our website [www.sccf.ca](http://www.sccf.ca).

If you are interested in being considered for appointment to the Board of Directors, please forward details of your experience and expertise, by February 15, 2019 to:

**Sechelt Community Projects Inc.**

PO Box 215, Unit C - 5588 Inlet Avenue, Sechelt, BC, V0N 3A0
